

THE PIVVOT DATA LIBRARY: A UNIFIED SOURCE FOR CRITICAL SPATIAL INTELLIGENCE

Pivvot delivers powerful spatial analytics through a robust software platform or directly into your own systems, giving you access to 500+ geospatial datasets, and accelerating your routing, site selection, land due diligence, and environmental reviews.

Pivvot provides spatial analytics across the mainland United States to help GIS professionals, engineers, planners, utilities, energy developers, and AEC organizations answer complex, location-driven questions related to land, infrastructure, environmental risk, and asset planning.

Land Use & Property

Ownership Data

- Cultural Resources State Level (Above ground, state coverage TX, AL, AR)
- Land Cover
- Land Ownership Conflicts
- National Register of Historic Places
- Property Parcel

Energy & Infrastructure Data

- Cemeteries
- Communication Towers & Obstacles
- Contaminated Sites
- Data Centers
- Electric Transmission Powerline
- Electric Transmission Substations
- EPA Greenbook
- Existing Pipeline
- Federal Registered Sites
- Fifty-Foot Structure Buffer
- Greenhouse Gas Emitters
- Interconnect Queue
- Points of Interest
- Railroads
- Roads
- Trails
- Wind Turbines

Jurisdictions Data

- County Boundary
- Dept. of Transportation Districts
- Municipal Boundary
- State Boundary
- U.S. ACE Districts
- U.S. BIA Regions
- U.S. BLM Admin. Units
- U.S. BOR Regions
- U.S. DOI Regions
- U.S. EPA Regions
- U.S. FEMA Regions
- U.S. Federal Lands
- U.S. FWS Regions
- U.S. FS Regions
- U.S. NMFS Regions
- U.S. NRCS Regions
- U.S. Tribal Lands

Weather Data

- Hail Events
- Lightning Strikes
- Tornado Events
- Wind Events

Ecology & Environmental Data

- Critical Species Habitat
- Ecosystem Region Boundary
- PFAS Discharge Monitoring
- PFAS Drinking Water (State)
- PFAS Drinking Water UCMR
- PFAS Environmental Media
- PFAS Federal Site Detection
- PFAS Greenhouse Gas
- PFAS Industry Sector
- PFAS Spill
- PFAS Superfund Site Detection
- PFAS Transfers Designated Facility
- PFAS Transfers Generator
- PFAS TRI Destination Facility
- PFAS TRI Reporting Facility
- State Level Species (TX, CA, FL)
- Species Range

Community & Society Data

- ACS Socioeconomic Statistics
- Social Vulnerability

Boundary Data

- Congressional District
- Electric Retail Service Territories
- Energy Regulatory Region
- LiDAR Availability (USGS)
- Municipal Boundaries
- Natural Gas Service Territories
- Oil & Gas Production Area
- Organizational Boundary
- PHMSA Populated Places
- Public Land Survey
- Public Safety Answering Point
- School Districts
- State Legislative Districts

Hydrology Data

- Aquifer
- Commercially Navigable Waterway
- EPA Protected Waterbody
- 100-Year Flood Plain
- 500-Year Flood Plain
- Levee
- NHD Flowline
- NHD Waterbody
- NWI Wetlands
- Watershed
- Wild & Scenic Rivers
- USGS Stream Gauges

Geotechnical Data

- Elevation
- Fault Area
- Fault Lines (w/ Active)
- Geological Unit
- gSSURGO Corrosivity Concrete
- gSSURGO Corrosivity Steel
- gSSURGO Depth to Bedrock
- gSSURGO Depth To Water
- gSSURGO Flood Frequency
- gSSURGO Frost Susceptibility
- gSSURGO Hydric Soils (Potential Wetland Soil Landscape)
- gSSURGO Hydrologic Group
- gSSURGO Loess/Eolian Deposits
- gSSURGO pH
- gSSURGO Prime Farmland
- gSSURGO Shrink-Swell Potential
- gSSURGO Soils
- **Karst Topography (Terracon)**
- Landslide Susceptibility
- Peak Ground Acceleration
- Percent Slope
- **Virtual Soil Profile (VSP) - Soil Behavior Class (Terracon)**
